Important Information Regarding Coverage

This brochure is intended to provide a convenient overview of coverage, and is not intended to be a complete description. Additionally, some provisions may vary by state. Only those services and supplies specifically listed in the Dental Benefit Plan Summary are covered under the plan, regardless of dental necessity. For complete details, please refer to your Dental Benefit Plan Summary, which outlines the specific treatments that are covered, the frequency with which those treatments are covered, and limitations, exclusions, and conditions under which coverage may remain in force. Exclusions and limitations are also available on our web site, www.securiandental.com.

Only Two Employees Required to Enroll

Securian Dental is available to groups of two or more employees. If fewer than five employees are eligible, all eligible employees and dependents must enroll in the plan. If five or more employees are eligible, at least 60% of eligible employees not covered by another dental plan (and at least five employees total) must participate.

Medical Lock Reduces Premiums

If 100% of employees and dependents enrolled in your group medical plan also enroll in your Securian Dental plan, your group will qualify for reduced Securian Dental premiums. Medical Lock is not available in Georgia or Hawaii.

Payment Subject to Allowable Charge

Claim payments are based on the amount charged by the dentist or our allowable charge, whichever is less. If the dentist charges more than our allowable charge, the patient is responsible for the difference.

Dual Option for Large Employers

Groups with 50+ eligible employees may offer their employees a choice of two plans.
