*Coverage is subject to our allowable charge, described on the back of this brochure.

DenteMax dentists agree not to charge more than our allowable charge.

**Optional Treatment: Plan member receives the amalgam benefit for the least costly, commonly performed course of treatment. The plan member is responsible for the balance of the treatment cost.

†Missing-tooth exclusion applies during the first 24 months of coverage.

Securian Dental

Employer-Paid PPO Plans

Life is complicated. Your dental plan shouldn't be. Securian Dental is designed around a very simple idea: You and your employees deserve a dental benefit plan that's easy to understand, easy to use, and easy to afford.

Easy to understand

Your employees are free to see any dentist nationwide, but realize savings by selecting a network provider. (See description below for details.)

When your employees choose a network provider, they receive 100% coverage of preventive care, with solid options for basic and major services. Those who opt for a non-network provider receive reduced benefits. Optional orthodontic coverage is available with some plans.

Best yet, there are no waiting periods for services other than orthodontia. Select the plan that best meets your group's needs.

Easy to use

We work hard to provide impeccable service, beginning at enrollment (including online enrollment for established groups). We'll handle the details, so you don't have to. Our knowledgeable, attentive staff is ready to help and will answer your call in just seconds. You'll also appreciate our swift, accurate claims payment.

A rare but valuable feature of Securian Dental is our around-the-clock worldwide emergency coverage. Travel the world knowing that wherever you go, you're covered.

Easy to afford

With four competitively priced plans, we have one that's right for any budget with a variety of coverage levels and calendar year maximums.

It's an easy decision. Choose Securian Dental

At Securian Dental, we make dental insurance easy—easy to understand, easy to afford, and easy to use. We'll pay your claim whether you're in Chattanooga or China. How's that for brilliant?

For more information, ask your broker, or call us toll-free at 866-827-3318.

The Network Advantage—savings and convenience for your employees and you

Terrific access

Securian Dental subscribers have access to DenteMax—one of America's leading dental networks. It's easy to find a network dentist. Simply visit www.securiandental.com or call toll free 866-827-3318.

Lower fees with no balance billing for your employees

The advantages of seeing a DenteMax network dentist include stronger benefits plus the dentist's commitment not to charge more than the network's negotiated fee. (Employees who choose a non-network dentist may be billed for the difference between this fee and what the dentist usually charges.)

Lower premiums for you

Lower claims costs result in lower premiums. And because our operating costs are among the industry's lowest, we're able to pass those savings on to you as well.

No claims paperwork

When your employees see network providers, there's no paperwork involved. Network dentists bill us, and we pay them directly. (Employees choosing a non-network provider may need to submit their own claims.)

Important Information Regarding Coverage

This brochure is intended to provide a convenient overview of coverage, and is not intended to be a complete description. Additionally, some provisions may vary by state. Only those services and supplies specifically listed in the Dental Benefit Plan Summary are covered under the plan, regardless of dental necessity. For complete details, please refer to your Dental Benefit Plan Summary, which outlines the specific treatments that are covered, the frequency with which those treatments are covered, and limitations, exclusions, and conditions under which coverage may remain in force. Exclusions and limitations are also available on our web site, www.securiandental.com.

Only Two Employees Required to Enroll

Securian Dental is available to groups of two or more employees. If fewer than five employees are eligible, all eligible employees and dependents must enroll in the plan. If five or more employees are eligible, at least 60% of eligible employees not covered by another dental plan (and at least five employees total) must participate.

Medical Lock Reduces Premiums

If 100% of employees and dependents enrolled in your group medical plan also enroll in your Securian Dental plan, your group will qualify for reduced Securian Dental premiums. Medical Lock is not available in Georgia or Hawaii.

Payment Subject to Allowable Charge

Claim payments are based on the amount charged by the dentist or our allowable charge, whichever is less. If a non-network dentist charges more than our allowable charge, the patient is responsible for the difference.

DenteMax network dentists agree not to charge more than the allowable charge.

Dual Option for Large Employers

Groups with 50+ eligible employees may offer their employees a choice of two plans.

Instant Quotes 24/7 at www.securiandental.com

Visit our Web site anytime to generate personalized quotes for groups of 2-99 employees. It takes less than 2 minutes, and you don't need a password or census. Personal assistance is also available toll-free at 866-827-3318.

Brought to you by two industry leaders. To create Securian Dental we've combined the strengths of Securian Life Insurance Company and DeCare Dental Health International, LLC (DDHI). Securian Life is authorized to conduct business in 44 states and the District of Columbia, and is recognized by A.M. Best with an A (Excellent—third highest in 16 categories) rating. Securian Life is part of the Securian Financial Group. DDHI is an affiliate of DeCare International, a global leader in oral health care management serving 4 million individuals in 15,000 companies nationwide. All this adds up to invaluable experience and financial strength you can trust.
