

Simple. Smart. Securian.

Whether you write a lot of dental business or only a few groups each year, it pays to work with a carrier that's committed to personal service and simplifying life for you and your groups. That's exactly why we created the SecurianConnect team. We're there to support you from sale through implementation and eventually renewal. This gives you more time to focus on growing your business, knowing clients are happy and all the important details are covered.

SecurianConnect – Your one-stop shop for community-rated group sales and support

The SecurianConnect team is an exclusive service for you and your community-rated groups of 2 to 99 eligible employees, not a general customer service line. Think of our team as your personal concierge service for pre- and post-sales support when it comes to smaller accounts.

Our team of experts can assist with:

- Answering questions about our products and participation guidelines.
- Fulfilling requests for community-rated group proposals.
- Providing rates and quickly running quotes.
- Assisting with new business implementation.
- Facilitating renewals.

We deliver on big expectations for small groups

For community-rated groups of 2 to 99, trust the expertise of SecurianConnect – we're here to make your job easier.

When you need a quote, have a question about our products or are working through a renewal, we're a call or click away.
